

GREAT DESIGN

New look in few minutes only!

Fortelock DECOR is the new member of the **Fortelock** product line. The Fortelock Decor tiles bring together all of the positive qualities of the Fortelock tiles like durability, endurance and easy installation. Plus, they also come with exceptional and elegant design which makes them perfect for your home, business area, and office. This high-quality, resistant flooring is secured with hidden interlocking system which makes the installation easy and fast. The tiles can be laid down without any gluing or complicated preparation of the original surface so the renovation finally doesn't come with dirt and a lot of noise. The **Fortelock Decor PVC** tiles are available with three different kinds of surface layer according to the traffic of the area where you wish to use them. Choose from **Fortelock HOME DECOR**, **Fortelock BUSINESS DECOR** or **Fortelock SOLID DECOR**.

Just choose the design which fits the most your interior and enjoy the transformation!
